Join us to hear from local experts about the rise in HIV cases, especially among young people in our community, and what we can do to help stop the spread of this disease.

Prevention through education and awareness.

Access to resources and testing.

Raising our voices to increase treatment and prevention.

Awareness is the first step toward making a difference.

This free event is brought to you by members of the Trumbull County ECHO Collaborative, Empowering Communities with Hope and Opportunities, and the World AIDS Day Task Force.
